## CERTIFICATE OF REACH COMPLIANCE

Article 33 of EU REACH Regulation No. 1907/2006 requires that FAKECOMPANY Inc notify our customers in the case that any of the REACH Candidate List SVHC is present above 0.1% (weight by weight) in articles that we supply. Article 3(3) of the REACH regulation defines an article as "an object which during production is given a special shape, surface or design which determines its function to a greater degree than its chemical composition".

The following table lists out FAKE Company finished products that may contain EU REACH Candidate List SVHC above 0.1% by weight, based on our current understanding:
